In response to the 2022 EHV-1 and the 2023 Vesicular Stomatitis outbreaks in California and similar cases reported in other states, the Colorado Horse Park (CHP) and LEG Shows & Events are continuing to follow our enhanced biosecurity protocols to do our part to keep your horses safe, as well as those of your fellow competitors. To make your horses entrance to CHP as quick and easy as possible please submit all health certificates for pre-check to:  
**horsehealth@langershows.com**

**Upon Arrival:**

- We require all barns to check the temperature of all horses once they arrive at CHP, prior to entering the barn. If a horse has a temperature of 101.5 or higher, CHP management **must be contacted immediately**, and the horse placed in an isolation stall on-site to allow for time to recheck temperature prior to entering the show barn.
- CHP requires all barns on CHP show grounds to maintain a temperature log for each horse with twice-daily temperatures recorded. Random checks of temperature logs by the Barn Manager and Stewarding staff will take place.
- Any horse on the show grounds with a fever must be reported to CHP Management immediately. It is always better to err on the side of safety. Isolation stalls will be available on the grounds and at a local veterinary practice if the need arises.

It is our shared responsibility to keep our horses safe. Similar to the suggested protocols in place for humans due to COVID-19, we urge all equestrians to please remember and abide by additional biosecurity measures.

**Additional Recommendations:**

- Avoid mixing of horses where possible, practice equine 'social distancing'
- Please take the time to review equine good hygiene practices and impress its importance to your grooms and barn managers in everyday care.
- Bring your own hoses to barns and do not share water buckets or fill from hoses used by other horses. Communal hoses will NOT be provided in the barns. Please bring your own.
- Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra hours on a horse van or moving from stable to stable is the fastest way to compromise your horses' and your neighbor's horses' health.
- CHP will practice additional biosecurity and disinfection protocols during our stall turnovers and around the facility on a daily basis.

## COLORADO HORSE PARK HORSE HEALTH INFORMATION

We strongly recommend all horses stabling on the Colorado Horse Park Grounds arrive between 8:00 a.m. and 5:00 p.m. If it is necessary to arrive at any other time **you must make arrangements prior to arrival.**

**Please contact:** Zach Price at [zapr4@aol.com](mailto:zapr4@aol.com) 303.941.0268  
Kristyn DiFalco - [horsehealth@langershows.com](mailto:horsehealth@langershows.com)

LEG Shows and Events Management strives to provide an excellent showing environment. An integral part of an excellent showing environment includes healthy horses. Exhibitors, especially those traveling long distances, can contribute to that healthy environment by adhering to the following requirements for entry to facility:

1. A current negative Coggins test is required for all horses entering the facility. Please renew before it expires, and not just before it is necessary to leave the state.
2. Statement of Health/Veterinary Health Certificate signed by a licensed veterinarian within 30 days of arrival at CHP, documenting that all horses have:
  - A. Received regular and consistent vaccination against Equine Influenza and EHV 1 & 4 with the most recent booster being within 180 days. **IN NO CASES MAY THE BOOSTER BE OUTSIDE OF 180 DAYS.** Horses not in compliance with this rule may be denied entry to the competition grounds upon request by Management.
  - B. Not shown symptoms of or been treated for EHV-4/1 within the past 28 days.
  - C. Not been at a facility under quarantine for EHV-4/1 or exposed to any horses showing symptoms of EHV-4/1 within the past 28 days.
3. Current vaccination against WNV, EEE, WEE, Tetanus, Rabies are strongly recommended.
4. You should be able to document your horse's normal temperature before arrival. Please do not ship horses with elevated temperatures. It is recommended that you establish a log of temperatures taken at least twice daily.  
Any horse on the show grounds with a fever over 101.5 must be reported immediately to LEG Horse Shows and Events Management and the Official Veterinarian. It is always better to err on the side of safety. Isolation stalls are available on the grounds and/or at a local veterinary practice if the need arises.
5. Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra horses on a horse van, or moving from stable to stable is the fastest way to compromise your horse's and your neighbor's horse's health
6. Please take the time to review equine good hygiene practices and impress its importance to your groom in everyday care.
7. **All paperwork must be in the horse's show name.**
